EMBASSY OF THE REPUBLIC OF KOREA
VIENTIANE, LAO P.D.R.

KLA-14-307

The Embassy of the Republic of Korea presents its compliments to the Ministry of Foreign Affairs of the Lao People's Democratic Republic and has the honour to inform the latter that the Ministry of Food and Drug Safety of the ROK is planning to remove the standards set for tropical fruits and nuts and seeds, those not domestically registered for usage or not provided with safety data (such as residual data) required for establishment of standards, as shown in the attached document, following the implementation of Positive List System of pesticide residue.

The Embassy has further the honour to inform the Ministry that if a pesticide standard is required to be set for the exportation of above-mentioned agricultural products to the ROK, an application for setting "Maximum residue limit for pesticide in imported foods (Import tolerance)" may be submitted.

In this regard, the Embassy would highly appreciate it if the Ministry could convey the above-mentioned information to the authorities concerned of the Lao.

The Embassy of the Republic of Korea avails itself of this opportunity to renew to the Ministry of Foreign Affairs of the Lao People's Democratic Republic the assurances of its highest consideration.
